John E. Hillhouse, 82 took his life Monday morning at 7.15 by placing the muzzle of a revolver in his mouth and pulling the trigger. The bullet entered the top of his head. The dead was committed to his home at Windham road with a 31 calibre revolver in the hallway on the second floor, at the foot of the stairs leading to the attic. He has been in poor health for the past three years, suffering from pernicious anemia, and had been confined to the house for the past three days.

According to his wife, Mr. Hillhouse never intended that he would take his own life, although Sunday he appeared very despondent and remarked that he believed he never was going to recover his health. Monday morning while Mr. Hillhouse was preparing breakfast she heard a shot and after an investigation called in neighbors who also heard the report of the gun. Dr. F. M. Smith, Mr. Hillhouse's physician, was called and he went for Medical Examiner Dr. Louis J. Mason who pronounced death due to self-inflicted gunshot wound.

Mr. Hillhouse for several years had been engaged in light farming and in addition was local agent for Watkins' Remedy. He has many friends in the vicinity of Norwich.

He was born in Montville Aug. 11, 1859, the son of David and Harriet E. Sweet Hillhouse. Mr. Hillhouse came here 25 years ago and was engaged in the trucking business for several years. He leaves a wife and a brother, William Hillhouse of Rutherford, N. J., and a sister, Mrs. A. L. Cummings of Stoughton, Vt.

Dr. George Robit of Boston was in the local police court Monday morning charged with reckless driving of a motor vehicle. He pleaded guilty. Dr. Robit said he was returning from a dance at the Casino in South Coventry shortly after midnight Saturday when Officer Donahue gave chase on the city line where the car was apprehended. The officer said that the motor car marked over 45 miles an hour from the city line to Willimantic cemetery. Dr. Robit said he thought the city line was at the cemetery and on arriving there he stopped. He acknowledged that he was going quite fast but not fast enough to be charged with reckless driving. The fine of \$25 and costs which was paid.

Edward Willis, charged with intoxication, pleaded guilty. He was found lying at the side of Watson street Sunday.

Next March Releg will have completed thirty years of army service, when he will be retired. He then expects to devote his time to his oil interests. "When I won that 100-acre farm near Houston, Tex., I tucked the deed in my pocket and practically forgot about it," he said. "By the time the deed was passed the land I had nothing about the lease until last week. I was out fishing when I was sent for and told about the oil."

FROM INFANCY TO LIFE'S SUNSET TANLAC BRINGS HEALTH AND HAPPINESS

Nature's Blessings Are Open to All, and It Seems Inexcusable for Anyone to Remain a Miserable Weakening When This Great Medicine Is Restoring Vim, Vigor and Abundant Vital Energy to Hundreds All Around Them Every Day.

The foundation of health is laid during the early years of life.

From the tiny toddler with foot hesitantly placed upon the bottom-most step, to the venerable grandfather at the top of Life's stairway, Tanlac is praised by all for the vim, vigor and abundant vital energy with which it blesses each step.

The earlier in life that one begins the use of Tanlac, the better equipped will that person be to cope with the vicissitudes of this existence. By preparing the digestive system of the youngster, Tanlac smooths the path and insures health and strength through all the years ahead. We cannot forget that the foundation for good health in our advanced years is laid during the early years of life.

How sad it is to see men and women by the thousands going through life with less than half the vigor, health, strength and capacity for the enjoyment that is their birthright. And how much sadder it is to know that all their sufferings and lack of happiness are due to their own failure to take advantage of the blessing that Nature offers to all. When one looks upon a weak, worn out, faded, debilitated man or woman and reflects that all this may be readily and satisfactorily changed merely by the use of Tanlac, it only that poor mortal knew it, one feels like spreading the message of hope and joy that Tanlac brings in the sharpest and clearest handwriting that none may overlook!

Are you O. U. as strong and healthy as you should be? Have you that abundant vital energy that enables you to laugh at disease and to overcome the ever-present obstacles in the path of your happiness? Does your food give you to your rich stores of vitality, or does it pass through your digestive system without supplying you with much beyond the poisons formed through its decomposition?

Take this under your serious consideration, and answer these questions for yourself. Then, if the answers are unsatisfactory, go to any druggist and purchase a bottle of Tanlac. Give you, too, may become strong and healthy with the energy and vitality to accomplish your desires, just as so many thousands of others have publicly testified to the results obtained from taking Tanlac.

Tanlac is sold by all good druggists.

PROVIDENCE YOUTH STEALS FROM BENEFACTOR

New York, July 4.—Joseph Ciccarone, 15, who ran away from his home in Providence a week ago, might have had a dandy Fourth of July in New York but for one thing—he "stipped" \$35 from his benefactor.

When Joseph arrived here he met Charles Blaisdell, who took a fancy to him, and when Joseph told a story of homelessness and friendliness took him into his own home. Today he missed a \$5 bill, which he found in Joseph's shirt. Agents of the Children's society took Joseph in hand and now he was sent the fourth on a train going home to Providence.
